messe frankfurt

PROGRAMME PROGRAMA

27 - 29 October 2025
Buenos Aires Convention Center (CEC)
Buenos Aires, Argentina

DAY 1

Monday October 27

MORNING PLENARY SESSIONS

TIME	
8:30 - 9:30	Registration
	ROOM A
9:30 - 10:30	Opening Ceremony Atilio Savino, ARS President Lucía Barcia, ARS Vicepresident Marcelo E. Rosso, ISWA LAC Regional Chapter representative James Law, ISWA President Ignacio M. Baistrocchi, Minister of Public Space and Urban Hygiene of the Autonomous City of Buenos Aires Fernando Brom, Undersecretary of Environment of Argentina Daniel Scioli, Secretary of Tourism, Sports and Environment (tbc)
10:30 - 10:45	Coffee Break
10:45 - 12:15	"The President's Day": James Law, ISWA President Antonis Mavropoulos, ISWA Past President Carlos Silva, ISWA Past President Hakan Rylander, ISWA Past President Christoph Scharff, ISWA Past President Atilio Savino, ISWA Past President
12:15 - 13:30	"IFC CEO Panel: Re-Imagining Waste: Investing in Innovation" Moderator: Manuela Adl - IFC Senior Country Manager for Argentina Artur Dela, CEO, Eneris, Europe Gustavo Migues, CEO, Veolia Iberia & Latin America, Global Prashant Singh, CEO, Blue Planet, Asia Mr Eric Zhan, CEO, SUS International
13:30 - 14:30	LUNCH - For attendees with lunch included

DAY 1

Monday October 27

AFTERNOON PARALLEL SESSIONS

ROOM	A		C1	C2	C3	D	E		
14:30 - 14:50	SESIÓN IBEROAMERICANA	Ceremonia Inaugural Sesión Iberoamericana: Marcelo E. Rosso, Representante del Capítulo ISWA LAC Argentina: Atilio Savino, Presidente de ARS Brasil, Pedro Maranhão, Presidente de ABREMA Chile: Carmen Gloria Ide, Presidente de AEPa Ecuador: Juan Carlos Aviles, Presidente de Alianza de Profesionales Ambientales México: Francisco Galvan Meraz, Presidente de DS Latinoamericana, Uruguay: Ignacio Welker, Presidente de CEGRU*	Chair: Adriana Gomez Sanabria Isabel Garzón, Reducing Methane and Landfill Best Practices for LAC	Sustainable Waste Management: ISWA's Principles and Guidelines for Lasting Change Björn Appelqvist, Chair of ISWA Scientific & Technical Committee Jane Gilbert, Vice-Chair of ISWA Scientific & Technical Committee*	WASTE MANAGEMENT & RESEARCH SPECIAL ISSUE	Bente Flygansvær, Sustainability Assessment of Waste Vacuum Systems as a Collection Solution	IDB Workshop Too Good to Waste: structuring circular projects for waste management and reducing methane emissions.	Chair: Kartik Kapoor Dione Manetti, Extended producer responsibility: the Brazilian case based on reverse logistics for general packaging	
14:50 - 15:10			Tony Clark, Towards a circular transition: Reduced plastic to incineration in Sweden			Alethia Vázquez Morillas, Wasting Away: An Analysis of Avoidable Food Waste in Mexico City Households		Reinier van der Lely, Unlocking flexible plastics recycling in Latin American cities	
15:10 - 15:30		Regionalización: Las Intermunicipalidades Moderador: Atilio Savino Francisco Galvan, Presidente de DS, Miembro Nacional de ISWA en México Rafael Apraiz, Presidente de Ategrus, Miembro Nacional de ISWA en España*	Alexandros Polijronopulos, Case study to showcase and illustrate the results of the utilization of Biodiesel B100 in a Hauling truck for a full year			Haniyeh Jalalipour, Sustainable Solid Waste Management: The German Case and Lessons for South America		Aleksander Jandric, Advancing Circular Economy Through XRF-Based Analytical Innovations: Unlocking PCB Recycling Potential	
15:30 - 15:50			Chair: Amani Maalouf Patricia Virginia Fernández Cañas Current reality of the non-recovery of organic waste: An analysis of the lack of effective strategies			Hans Breukelman, Failing waste collection in developing countries. Using System Dynamics to analyze societal causes in general and with a focus on Belize, Bolivia, the Dominican Republic, Ecuador, Panama and Paraguay		Chair: Ian Richard Cooper Nika Depope Recycling technology for textile waste polyester/cotton implementing green selective separation approach	
15:50 - 16:10		La Coalición de Economía Circular de Latinoamérica y el Caribe Moderador: Marcelo E. Rosso Maria Candela Nassi, Directora nacional Evaluación y Control Ambiental, Subsecretaría de Ambiente de Argentina	Vanessa FAKRA, Sustainable Waste Management Strategies for Emerging Economies: A North African Case Study			CCurated Session: The Plastic Treaty at a Crossroads Moderator: Mostafa Ahmed, ISWA Technical Lead Speakers: Gunilla Carlsson, ISWA Plastic Treaty Task Force Leader Corinne Trommsdorff, ISWA Board Member Valeria Branca, Chair of ISWA Working Group on Governance & Legal Issues		Professor Demetris F. Lekkas, Director, Waste Management Laboratory, University of the Aegean: Circular solutions for waste management in islands and remote tourist destinations	Filiz Jaetzold, Exploring the relationship between plastic packaging and food waste
16:10 - 16:30		Trazabilidad en la Gestión de Residuos Emiliano Díaz, Implementación de Sistema Integral de Trazabilidad en la Gestión de Residuos Sólidos Urbanos: Optimización Operativa y Contribución a la Economía Circular	Alejandra Garay, Comprehensive indicator framework for methane mitigation in municipal organic waste management	Mario Grosso, DRS for PET bottles: scenario analysis and Life Cycle Assessment	Maria Tsakona, Fostering a Circular Economy at Local, Regional and National Level: The Case of LIFE IP CEI Greece				
16:30 - 16:40	Coffee break								
16:40 - 17:00	GOBERNANZA Y ASUNTOS LEGALES - SESIÓN IBEROAMERICANA	Sesión Especial: La Gobernanza en la Gestión de Residuos Moderadora: Lucia Barcia Keli Starck, Desarrollo y validación de indicadores para la medición de la circularidad en la gestión de residuos sólidos urbanos	Chair: Vanessa Fakra Zitely Tzompa Sosa, The Waste Methane Toolbox: Policy Solutions for a Low Methane Future	ISWA Special Session: Eliminating open waste burning: Global roadmaps and local action Moderator: Mostafa Ahmed, ISWA Technical Lead Speakers Camile Tahon, Programme Manager, CCAC Charlie Fenn, Engineering X Koki Takano, UN Habitat Miho Hayashi, IGES, Japan Lucy Stevens, Practical Action Marcelo E. Rosso, ARS, Argentina Aditi Ramola, ISWA Technical Director	ENERGY RECOVERY	Roland Greil, Can Waste-to-Energy become affordable for Africa and Latin America and help to close dumpsites?	IDB Workshop Too Good to Waste: structuring circular projects for waste management and reducing methane emissions.	Chair: Anne Scheinberg Lina Razeto, Implementing separate waste collection for Santa Juana, Chile	
17:00 - 17:20		Andrés Felipe Montoya Rendón, Software especializado para el cálculo de la muestra de usuarios en la caracterización de residuos sólidos	Siegfried Michael Scholz, Methodologies for balancing GHG emissions for WtE and landfill operations			Lorenzo Bertero, Amplifying Waste Management Engagement Through Digital Platforms and Social Media		Mario Emmanuel Villalba Ferreira, Local governance policies to strengthen the circularity of reused and recycled material products in the construction sector	
17:20 - 17:40		Jhoanna Rosales , Mejores Practicas para Gestion de E-waste Y Normativas REP en LATAM	Jovana Husemann, Future-Proofing Waste Infrastructure: Geosynthetics as a Key Tool for Climate Change Adaptation			Jwalant Shah, Strengthening Communication and Social Engagement for Sustainable Pilgrimage: A Case Study of Shri Amarnath Ji Yatra 2024		Janine Osborne, Africa Gears Up: Free resources to help develop action plans in response to the UN Global Plastics Treaty	
17:40 - 18:00		Claudia Patricia Hernández Barrios, Playas sustentables: más que actividades de limpieza y normatividad, un asunto de estrategias locales de acción	Chair: Peter Simoes Dan Cooke, "Beyond Waste" - The development and delivery of Carbon Net Zero and Circular Economy Roadmaps for the recycling, resources and waste sector in the UK: Key learnings for other countries and economies			Chair: Rene Rosendal Amani Maalouf, A Global Framework to Map Dumpsites: Understanding Environmental, Social, and Governance Impacts for Sustainable Waste Management		Gianluca Tapparini, Sustainability for waste management companies: opportunities and benefits	Thea Schoeman, Profiling waste reclaimers, their operations and health and safety risks at a landfill in Gauteng, South Africa
18:00 - 18:20		Ana Chiesa, Responsabilidad Extendida del Productor en Uruguay: Logros, Desafíos y Oportunidades Futuras	Alex Stege, Models to calculate methane emissions from landfills fail to account for the benefits of waste diversion projects including WTE facilities which now must count CO2 emissions in the ETS			Tom Frankiewicz, Overcoming Regulatory Barriers to Closing Dumpsites and Implementing Sanitary Landfills in Lagos, Nigeria		Andrea Pavan, Recycle WEEE: environmental education for the collection of micro WEEE	SESIÓN IBEROAMERICANA Alejandro Villar, Gestión circular de disolventes industriales: innovación sostenible en la recuperación y valorización de residuos peligrosos
18:20 - 18:40		Sebastian Rodrigo de la Fuente, Comprehensive waste management planning for the metropolitan area of Rosario, Santa Fe	Sandra Mazo-Nix, Advancing Methane Mitigation in the Waste Sector with the Global Methane Initiative's Policymaker Framework for Addressing Methane Emissions	Salem Mubarak Al Braiki, AI-Based Illegal Waste Dumping Detection System in Abu Dhabi- UAE	Laura Nelly Velasquez Arenas, Measuring What Matters: A Service Ladder For Inclusive Solid Waste Management	Lilian Corra, Gestión y eliminación de baterías de plomo-ácido usadas (BAPUs): experiencia en el MERCOSUR	Pietro Cocozza, Fast characterization of marine plastic litter by portable NIR spectroscopy for monitoring purposes and sustainable recycling		
			OPEN DUMPS						

DAY 2

Tuesday October 28

MORNING PLENARY SESSIONS

TIME	ROOM A
9:00 - 10:15	Round Table: Circular Economy - Towards a wasteless future or a wasteful planet? Moderator & Speaker: Antonis Mavropoulos , Founder & CEO, D-Waste Dirk Nelen , Researcher, VITO Joachim Quoden , Managing Director, EXPRA Dan Cooke , Director, Chartered Institute of Waste Management (CIWM) Atilio Savino , President of ARS, ISWA National Member Argentina
10:15 - 10:30	Coffee Break
10:30 - 12:00	Financing Waste Management Panel: Moderator: Björn Appelqvist , Chair of the ISWA Scientific -Technical Committee (STC) Kremena Ionkova , Lead Urban Specialist and Global Lead for Solid Waste Management and Circularity, World Bank Magda Correia , Senior Specialist, Water and Sanitation Division, Inter-American Development Bank (IDB) Nuru Lama , Global Lead, Waste & Circularity, International Finance Corporation (IFC) Jiao Tang , Catalytic Finance Foundation Gabriel Chifflier , Hazardous and Hospital Waste Director, Iberia LATIn America, Veolia Franz Rojas , Director of Technical Assessment for Water and Sanitation, Development Bank of Latin America and the Caribbean (CAF)
12:00 - 13:00	Round Table: Methane mitigation in the waste sector, the emergency brake on climate change Moderator: Anja Schwetje , Vice-Chair, ISWA Working Group on Climate Change and Waste Management Marcelo Mena , CEO Global Methane Hub Aditi Ramola , Technical Director, ISWA Tom Frankiewicz , Principal, Climate-Aligned Industries, Rocky Mountain Institute (RMI) Jane Gilbert , Vice-chair of ISWA STC Jordi Pon , Regional Coordinator, Chemicals and Pollution Program, UNEP Office for Latin America and the Caribbean
13:00 - 14:00	LUNCH - For attendees with lunch included

DAY 2

Tuesday October 28

AFTERNOON PARALLEL SESSIONS

ROOM	A		C1	C2	C3	D	E
14:00 - 14:20	SESIÓN IBEROAMERICANA "Los planes de gestion de residuos de las Provincias Argentinas Moderador: Atilio Savino, Presidente de ARS, Miembro Nacional de ISWA en Argentina Jujuy, Maria Ines Zigaran, Ministra de Ambiente Córdoba, María Victoria Flores, Ministra de Ambiente y Economía Circular - Pedro Nicolás Vottero, Secretario de Economía Circular y Empleo Verde Mendoza, Leonardo Fernandez, Director de Gestión y Fiscalización Ambiental San Luis, Federico Cacace, Secretario de Estado de Ambiente y Desarrollo Sustentable Gobierno de la Provincia de San Luis Ciudad de Neuquen, Ing. Alejandro Nicola, Secretario de infraestructura y Planeamiento urbano y Santiago Morán Sasturain, Secretario de Movilidad y Servicios al Ciudadano. Misiones, Fernando Santacruz, Subsecretario de Economía Circular	Curated Session: Waste Management in national climate planning and commitments (NDC's) - ISWA Working Group on Climate Change & Waste Management (WGCCWM) Moderator : Aditi Ramola, ISWA Technical Director Anja Schwetje, Vice Chair of ISWA WGCCWM Peter Simoes, Vice Chair of ISWA WGCCWM Corinne Trommsdorff, Executive Director of French Solid Waste Partnership (FSWP) - ISWA Board Member Magda Correal, Inter-American Development Bank (IDB) Herwig Ragossnig, Carbon Turnaround	Curated Session: Closing Dumpsites - ISWA Working Group on Landfills (WGL) Moderator: Deji Fawole, Vice Chair of ISWA WGL Speakers: Bob Dick, Senior Vice President SCS Engineers Kremena Ionkova, Global Lead for Solid Waste Management and Circularity Global, Urban Department Infrastructure Vice Presidency World Bank Jovanna Husemann, Senior Business Development Manager Naue Group Kgauta Mokoena, Department of Forestry, Fisheries, & Environment, South Africa Pedro Maranhao, President of Associação Brasileira de Resíduos e Meio Ambiente - ABREMA Carlos Rossin, ABREMA Director	Curated Session: The Power of Communication: Building Trust and Driving Engagement in Waste Management - ISWA Working Group on Communication & Social Issues (WGCSI) Moderator: Essam Al Sharji, Chair of ISWA WGCSI Speakers: Anna-Carin Gripwall, Vice Chair of ISWA WGCSI Georgina M. Nitzsche, International Consultant	IDB Workshop Too Good to Waste: structuring circular projects for waste management and reducing methane emissions.	IFC Executive Roundtable: bringing together waste management companies and experts to exchange insights on driving waste- to- value innovations and investments.	
14:20 - 14:40							
14:40 - 15:00							
15:00 - 15:20							
15:20 - 15:40							
15:40 - 16:00	HEALTHCARE WASTE Chair: Edward Krisiunas Ruby Bubinek, Decoding Diaper Waste: A Comprehensive Study in Nursing Homes Gianluca Magrini, Hospital waste management: a circular approach for waste reduction and valorization Timothy Kurannen Baaki, Understanding knowledge, attitudes and behaviour on sustainable healthcare waste management practices in selected National Health Service (NHS) Trusts in the Northwest of England	Curated Session: Transitioning from linear waste solutions based on landfills to circular economy: the support of the regulatory and governance framework - ISWA Working Group on Governance & Legal Issues (WGGLI) Moderator: Corinne Trommsdorff, ISWA Board Member Speakers: Rene Rosendal, Chair of ISWA Working Group on Landfill David Cuculière, Vice President of Trifyl Carlos Rossin, Programme Officer, Associação Brasileira de Resíduos e Meio Ambiente - ABREMA *	"Curated Session: Introducing Fair Trade Principles for the Second-Hand Clothing Value Chain - ISWA Working Group Recycling & Waste Minimization (WGRWM) Moderators: Dirk Nelen, VITO - Former Chair of the ISWA WGRWM Speakers: Anne Scheinberg, Chair of the ISWA WGRWM David Roman, British Heart Foundation Jennifer Wang, Independent Researcher Pietro Luppi, Second-hand trade organiser	Room setup			
16:00 - 16:20	Coffee break						
16:20 - 16:40	SESIÓN IBEROAMERICANA Mesa Redonda de Sistema de gestion Responsabilidad Extendida del Productor (REP) Moderador: Horacio Martino, Alicia Galbarini, Sistema de Gestión de RAEE, CECC LAC, Uruguay. Maria Belen Buñes, CampoLimpio, Sistema de gestion de envases vacios de fitosanitarios Susana Pagola y Florencia Canzonieri, RecirculAr / Vanesa Vazquez, CEMPRE, Sistema Voluntario de Gestión de Argentina.	SESIÓN IBEROAMERICANA Programa Hogares Sustentables: recolección selectiva de reciclables y vermicompostaje domiciliario a gran escala Moderadora: Lourdes Carbajal El caso de éxito de Canelones, Uruguay Mag. Maria José Lombardi, Directora de Gestión Ambiental del Gobierno de Canelones, Uruguay.	GOVERNANCE & LEGAL ISSUES Chair: Joachim Quoden Rodrigo Leiva Neumann, The Extended Producer Responsibility applied to the Mining Sector as key tool to achieve challenging commitments regarding CO2 emissions reduction. Composite mill liners Case Study	CLIMATE CHANGE Chair: Haniyeh Jalalipour Tony Clark, The Nordic Biogas Model, Global potential for circular transformation	IDB Workshop Too Good to Waste: structuring circular projects for waste management and reducing methane emissions.	DUMPSITES Dumpsite rehabilitation from the infamous Pomona dumpsite to Geo Pomona Waste Management facility in Harare, Zimbabwe. Speakers: Dr Dilesh Nguwaya, CEO and Executive Chairman Eng Nyasha Chipfupa, Project Manager	
16:40 - 17:00			Recuperación de Energía Martin Pabelo, Uso innovador de los gases de escape de motores para tratar el concentrado de ósmosis inversa.	ISWA Workshop: EPR in Action: Case Study and Stakeholder Mapping for Practical Implementation Moderator: Joachim Quoden, Managing Director of EXPRA Speakers: Rodrigo Leiva Neumann, Senior Recycling Specialist at FLSmidth Kartik Kapoor, Vice Chair of ISWA Young Professionals Group (YPG) Krisztina Wégner, Environmental Lawyer		ISWA Workshop: Managing Organic Waste to Reduce GHG Emissions Moderator: Haniyeh Jalalipour, Chair of ISWA Working Group on Biological Treatment of Waste Speakers: Jane Gilbert, Vice Chair of ISWA Scientific & Technical Committee Peter Simoes, Chair of ISWA Working Group on Climate Change & Waste Management Anja Schwetje, Vice Chair of ISWA Working Group on Climate Change & Waste Management	ENERGY RECOVERY Cosmin Marculescu, Combined thermochemical processing of organic residues for enhanced hydrogen syngas production
17:00 - 17:20			"Innovaciones Municipales en la Gestión de Residuos Orgánicos" Introducción y moderación: Sebastián Ratero, Fundación Delterra para Argentina. Enrique Soffietti, director del Instituto de Desarrollo Sustentable, Ciudad de Rafaela: Programa de compostaje domiciliario. Maria Cioffi, jefa del Centro de Disposición Final, Municipalidad de San Luis: Compostaje en el Centro de Disposición Final de material orgánico de grandes generadores industriales. Andrea Paiz, gerenta de nuevas tecnologías, Gobierno de la Ciudad Autónoma de Buenos Aires: Eficientización de rutas de recolección y trazabilidad digital de la fracción orgánica de grandes generadores. Sol Wilkinson, jefa de área ambiental, Municipalidad de San Isidro: Compostaje institucional en escuelas en articulación con la comunidad educativa.	SESIÓN IBEROAMERICANA Moderador: Jorge Brion Ariana Camardelli y Florencia Carballo, Asociación Sustentar, Observatorio de Higiene Urbana de la Ciudad de Buenos Aires, Medir para transformar la gestión de residuos: los casos de Ciudad de Buenos Aires y San Isidro.		SESIÓN IBEROAMERICANA Catalina Boix, Rediseñando la recuperación de orgánicos en la Ciudad de Buenos Aires: del piloto a un sistema escalable	Greek Session: A modern Herculean task. How the Greek Government transformed the Waste
17:20 - 17:40			Moderadora: Mariana Salaberry Javier Calderon, Utilización de geosintéticos en celdas de disposición de residuos.				
17:40 - 18:00			Bianca Gabriela Reyes Castillo, Influencia de la composición de residuos sólidos municipales en las características de lixiviado generado bajo el método de biorreactores semiaerobios.				
20:00	GALA DINNER (Access by ticket only)						

DAY 3

Wednesday October 29

MORNING PLENARY SESSIONS

TIME	ROOM A
9:00 - 10:00	Round Table: "The future of plastics" Moderator: Carlos Silva , ISWA past President Gunilla Carlsson , ISWA Plastic Treaty Task Force Leader Jane Gilbert , ISWA Scientific and Technical Committee Vice-chair James Law , ISWA President Costas Velis , Waste Management & Research Journal Editor in Chief Matías Campodónico , Dow Latin America President
10:00 - 10:20	The New Pulse of Urban Cleaning: Efficiency and Strategy with Data and New Technologies , Pablo Ader , CEO of Urbetrack
10:20 - 10:40	From the present to the future: CEAMSE's challenges and projects , Leonardo Maceiras , Operations Manager, Coordinación Ecológica Área Metropolitana Sociedad del Estado (CEAMSE), Argentina
10:40 - 11:00	"Smart waste collection, Florence a successful case study" , Domenico Scamardella , Director, Planning and Transformation Department, - Sara Volino , Chief information & digital office, ALIA SERVIZI AMBIENTALI SpA
11:00 - 11:20	Coffee Break
11:20 - 11:40	"Towards a Sustainable Future Together - China Best Available Techniques and Practices of Waste-to-Energy" , Eric Zhan , CEO, SUS International
11:40 - 12:00	"Data, scores, emojis, and the future of solid waste management" , Paul Constance , Interamerican Development Bank (IDB) / Datos, puntajes, emojis y el futuro de la gestión de residuos sólidos"
12:00 - 12:20	"From biogas to biomethane: The Evolution Towards a Sustainable Future" - Juan Pablo Weihs , Environmental Engineering and Technology Manager, Benito Roggio Ambiental (BRa)
12:20 - 12:40	Keynote presentation: "Energy from Waste - Thermal treatment" , Bettina Kamuk , Global Market Director at Ramboll
12:40 - 13:00	Keynote presentation: "Textile Waste Management" , Andreas Bartl , Engineer at TU Wien
13:00 - 14:00	LUNCH - For attendees with lunch included

DAY 3

Wednesday October 29

AFTERNOON PARALLEL SESSIONS

ROOM	A	C1	C2	C3	D	E
14:00 - 14:20	SESIÓN IBEROAMERICANA / CAMBIO CLIMÁTICO	Moderador: Gustavo Fernandez Protomastro Mario Ruben Berent, Iberá Basura cero y Economía Circular frente al Cambio Climático	World Bank WaW 3.0 report – pre-launch highlights , Kremena Ionkova, Lead Urban Specialist and Global Lead for Solid Waste Management and Circularity, World Bank.	Chair: Valeria Branca Fabricio Soler, Overview of Reverse Logistics Systems in Brazil	Curated Session: Achieving Source Separation: Global perspective - ISWA Working Group Collection & Transportation Technology (WGCTT) Moderators: Ian Dudding, Chair of ISWA WGCTT Speakers: Roland Greil, Senior Sales Director, Kanadevia Inova AG Peter Simoes, Strategy Advisor, Harwest Waste - Chair of ISWA Working Group on Climate Change & Waste Management Antonio Sakalis, Senior Expert, Enviroplan S.A João Filipe Crisóstomo Dias, ISWA National Member Associação Portuguesa de Engenharia Sanitária e Ambiental (APESB)	Moderadora: Marcela De Luca Tratamiento Biológico: Rodrigo Pontiggia De residuos a recursos: valorización in situ de residuos sólidos urbanos en áridos y mezclas de combustible para hornos de cemento mediante procesos de alta energía
14:20 - 14:40		Ariel Rodriguez Evaluación de la factibilidad técnica para valorizar restos de poda, FORSU y bioestabilizado mediante producción de biochar: caracterización de sustratos, productos y potencial de aplicación	ISWA's Regional Reports Series: Unveiling Waste and Resource Management Challenges and Opportunities in LATAM Moderator: Aditi Ramola, ISWA Technical Director Speakers: Marcelo E. Rosso, ISWA Board Member Björn Appelqvist, Chair of ISWA Scientific & Technical Committee Attilio Savino, ARS	Katia Regina Penteado Casemiro, Promoting the Circular Economy in São José do Rio Preto: The Beginning of a Regional Journey through Collaborative Governance		Costos de la GIRSU: Santiago Solda Una vía para conocer los costos de la gestión de RSU y mejorar el financiamiento GIRSU
14:40 - 15:00		Adriana Gomez Sanabria, Más allá de la mitigación: Manejo de residuos orgánicos de Uganda como vía para adaptación y resiliencia		Rivić Stefani, Understanding the limitations of recycling and utilization targets for circular plastics management: a general economic equilibrium model including material flow analysis		Albero Capra y Leila Devia Marco Global Sistemas Digitales de Producto, Pasaporte digital de producto
15:00 - 15:20	SESIÓN IBEROAMERICANA / CAMBIO CLIMÁTICO	Jaime Andrés Ararat Herrera, Re-imaginando la agricultura: Fortalecimiento de la economía circular a través de la valorización de subproductos agrícolas en los departamentos de Córdoba y Sucre, Colombia	Clean Oceans through Clean Communities Moderator: Aditi Ramola, ISWA Technical Director Speakers: Oda Korneliussen, Programme Manager, Clean Oceans through Clean Communities, Sirk Norge Satya Oktamalandi, General Secretary, Indonesia Solid Waste Association	Piet Coopman, Intermunicipal cooperation as a driver for efficient and effective household waste management	Curated Session: Decentralised Treatment Options for Recycling Organic Wastes - ISWA Working Group on Biological Treatment of Waste (WGBTW) Moderators: Jane Gilbert, Vice Chair of ISWA STC Haniyeh Jalalipour, Chair of ISWA WGBTW Speakers: Lina Razeto, World Class Home Composting Programs, Geociclos SpA Cecilia Allen, Zero Waste Cities Program Lead, GAIA Marco Aurélio Soares de Castro, School of Technology, University of Campinas (FT/Unicamp) Hugo Munoz, Ecología en tu Barrio	Desafíos del Reciclado en Argentina: Políticas Públicas, Cadena de Valor y REP en la transición hacia una Economía Circular inclusiva Moderador: Manuel Mateu Jose Luis Picone, CAIRPLAS Representante de empresa con programa de Responsabilidad Extendida del Productor Giselle Balguera, Fundación Avina Matías Capobianco, Recicladores Unidos de La Matanza Leonardo Carlos Méndez, Cooperativa de Trabajo Reciclando Conciencia de Pinamar
15:20 - 15:40		Moderador: Marco Tulio Espinoza L. Rodrigo Iván Atliano Carsi, La radiografía de los tiraderos a cielo abierto en México. Un tema relegado en la agenda pública nacional y su posible erradicación mediante sistemas intermunicipales		Chair: Corinne Trommsdorff Zoë Lenkiewicz, Building self-sufficient waste management systems: A South? South approach to local enterprise, policy support and affordable interventions	Curated Session: At the Intersection of Hazardous Waste and Healthcare Waste in 2025 - Which Direction to Take? - ISWA Working Groups on Hazardous Waste (WGHW) & Healthcare Waste (WGHWCW) Moderators: Priscilla Pareuil, Chair of ISWA WGHW Ed Krisiunas, Chair of ISWA WGHWCW Speakers: Sara Aurelie-Tauzin, Veolia Holding Colombia S.A. Ernesto de Titto, ISALUD University, Argentina	Moderadora: Mariana Salaberry Gestión de Residuos Textiles: José Alejandro Martínez Sepúlveda, Fortalecimiento de cadenas productivas para la gestión de residuos textiles en Bogotá - región
15:40 - 16:00		Turcott Cervantes, Dolores Elizabeth/ Trujillo Jiménez, Fernando: ¿Cómo transformar la basura en parques?: El caso del ex tiradero La Reserva, del Sistema Integral de Aseo Público de León, México	Curated Session: Women's Empowerment and Financial Inclusion in the Waste Management Sector - ISWA's Women of Waste (WoW) Moderator: Georgina Nitzsche, Coordinator of ISWA WoW Speakers: Maria Tsakona, Chair of ISWA WoW Chair - GRID-Arendal Senior Expert John Chweya, Co-Founder Kenya Waste Pickers Association Filiz Jätzold, Advisor, BMUKN Support Project Marine Litter, Deutsche Gesellschaft für Internationale Zusammenarbeit	Ribeiro, F. M., Circular Economy And Waste Management At G20: A Priority Under The Brazilian Presidency		
16:00 - 16:20	SESIÓN IBEROAMERICANA / CAMBIO CLIMÁTICO	Pamela Vicens INALI (CONICET-UNL) Microplásticos en Sábalo Juveniles del Río Paraná: Basurales a Cielo Abierto y sus Implicaciones en Ecosistemas Fluviales		Danny Ibarra Vega, Waste Flow Modeling in 10 Cities of Colombia and Assessment of Its Circularity Potential: A System Dynamics and Artificial Intelligence Approach		
16:20 - 16:40		Moderador: Lorenzo Bertero Verena Boehme Usa la basura: Un programa de Educación Ambiental y Gestión Integral de los Residuos Sólidos Urbanos implementado desde el 2009 en colegios públicos y privados de Argentina.		Richard Berner, Phase II of the PROMAR Project – Advancing EPR and Innovative Solutions to Combat Marine Litter in Five Caribbean SIDS		Reciclaje y Minimización: Hugo Gonzalez, ¿Qué harán los parques eólicos con las palas, cuando cumplan con su vida útil?
16:40 - 16:50	Coffee break					
16:50 - 17:10	SESIÓN IBEROAMERICANA	Moderador: Ernesto De Titto Residuos Peligrosos Gariné Guergerian, Trazabilidad de Residuos Industriales	Robert Dick, An Overview of Elevated Temperature Landfills: Causation, Characteristics, Conditions, Mitigation Strategies, & Best Management Practices	Chair: Andreas Bartl Sebastian Rosenbusch, The potential re-entry stages for recycled material into the textile production chain are defined and explained, and the key technologies are presented	Chair: Haniyeh Jalalipour Camille Demazure, A new way for Biowaste: TRIFYL has chosen a complete organic waste management solution on its territory at the lowest cost and with the best environmental footprint	Presentación del Banco de Plásticos de Argentina, Carlos Briones
17:10 - 17:30		Residuos de Establecimientos de Salud Carolina Ramirez, Determinación de tasas de generación de Residuos de Atención a la Salud en Uruguay	David Biderman, Landfill Gas Recovery and Methane Destruction for Landfills in Developing Nations	Sara Coessens, Textile Waste Management: Inspiring Best Practices from Flanders	Joao Dias, Sustainable finance in the selective collection of bio-waste under co-collection scheme and biogas production	Argentina Recicla - modelo de gobernanza local hacia una ley REP con transición justa, Matías Taranto
17:30 - 17:50		Reciclaje y Minimización de Residuos Facundo Sassone, La oportunidad de generar energía renovable a partir de aceite lubricante usado	Bill Tennant, Using Drones and ArcGIS to Reduce Landfill Methane Emissions while Improving Gas Collection - It's all in the data	Fan LYU, Material Flow and Carbon Emission Reduction Potential of MSW Recycling System in an Eastern China Metropolis	Tia Scarpelli, Identifying waste methane mitigation opportunities with the Tanager-1 satellite	
17:50 - 18:10		Presentación de la Carrera de Ingeniería en Tecnologías Verdes, Universidad de San Andres	Dennis King, Case Study - U.S. Collaboration on Landfill Gas System Design, Norte ILLD+ Landfill, Buenos Aires, Argentina	Alberto Huiman, Problems with waste from the textile industry and opportunities for process circularity in the Gamarra Commercial Emporium in Peru	Daniela Peguero, Biowaste to Biomass: Utilizing Water Hyacinths as a Resource in Black Soldier Fly Waste Systems	
18:10	CLOSING CEREMONY
